ORDER GRANTING IN PART STIPULATION

On October 5, 2021, Crestwood New Mexico Pipeline LLC; XTO Energy, Inc.; ConocoPhillips Company; New Mexico Environment Department; and WildEarth Guardians (together, “the Parties”), by and through their respective counsel, filed a Stipulation Regarding Schedule and Procedures for the above-listed air quality permit hearings scheduled to begin on October 25, 2021.

IT IS HEREBY ORDERED THAT:

1. Prehearing Motions:

- a. Motions, including Motions in limine, due: October 12, 2021
- b. Responses to motions due: October 22, 2021

2. Hearing Schedule: The applications will be heard in the following order:

- a. XTO Energy, Inc.’s applications: AQB 21-31, AQB 21-32, AQB 21-33, AQB 21-34, AQB 21-35, AQB 21-39, AQB 21-40, AQB 21-41
- b. Crestwood New Mexico Pipeline LLC’s application: AQB 21-38
- c. ConocoPhillips Company’s application: AQB 21-36

3. Hearing Length: The hearing will be conducted to develop a full and fair record, admitting only relevant and reliable evidence, and omitting repetition.

4. Public Comment: There will be multiple public comment periods each day of the hearing. The hearing will begin at 9 a.m. each day and break for lunch at 12 p.m. Public comment will be taken at 9 a.m. (not on Oct. 25), 1 p.m. and 5 p.m. each day.

5. Witness Testimony:

- a. Pursuant to 20.1.4 NMAC and the July 20, 2021 Scheduling Order filed and served at the conclusion of the prehearing conference attended by all parties, “[a]t

the hearing, a party may call their witnesses to present a 15-minute summary of their pre-filed testimony, adopt their written testimony under oath, and stand for cross examination. Witnesses will have additional time to present rebuttal testimony.”

- b. Because WildEarth Guardians raised many of the same or similar issues in their comments on the applications (“similar issues”), WildEarth Guardians will provide testimony and argument regarding similar issues once on the first day of the hearing (October 25, 2021) and indicate which other applications the testimony and argument applies to, instead of repeating testimony or argument for each application, as applicable.
